

Satisfied Employers

"GDSI's Vision is to enable our customers to win! Part of doing that is having enough good workers to get product out the door! This year we began working with Aurora Vocational Services. We had a great need for good workers and they had good workers to offer us! It was definitely perfect timing. Aurora Vocational Services has provided GDSI with workers that are friendly and quality oriented. They helped in our staff up process by bringing workers to our plant with virtually 'no risk' to our company!"

Aurora has also worked diligently with GDSI to keep good lines of open communication. There have been no surprises. We look forward to a long term relationship with Aurora Vocational Services! Thank you for your commitment to us and the opportunity for potential employees you have provided us."
