Aurora Vocational Services opens new Vocational Center in Eau Claire

Eau Claire, Wisconsin - May 19, 2010 - Aurora Vocational Services (AVS) held the ribbon cutting for its new Vocational Day Center at 3540 Jeffers Road, Eau Claire. AVS has seen steady growth of its vocational services during the eight years they've been in Eau Claire - the original Day Center has had to split off twice to separate facilities to handle volume. The new 10,000 square foot Jeffers Road brings all of Aurora's Vocational Services under one roof and has been completely refitted to provide office, conference, and Day Center space in one centralized facility. Aurora also holds the option of expanding to additional adjacent space as the center grows.

"This new facility will allow us to continue to provide excellent service to our customers plus will be more cost effective since all of our Eau Claire staff will be under one roof," said Aurora Vocational Program Director Pat McCombs.

About Aurora Vocational Services:

Since 1998, Aurora Vocational Services, a division of Menomonie-based Aurora Community Services, has helped individuals with developmental disabilities become an integral part of their community. Through the development of social and life skills, participation in community activities and events, recreational programs, and vocational opportunities, AVS provides a flexible and individualized atmosphere conducive to personal growth and development.

AVS' mission is to provide progressive, high quality, consumer directed, community based services, in an innovative, cooperative, and flexible environment that empowers individuals to live successfully in their chosen community.
